About Us

Chinee Cap Co.,Ltd is a leading stationery manufacturer, dedicated to providing high-quality, customizable stationery products for clients around the globe. With a fully equipped factory and a professional production team, we specialize in OEM services, offering tailored solutions to meet the unique needs of our partners. From innovative designs to high-standard manufacturing, we aim to bring creativity and functionality to every product.

Founded on the principles of quality, reliability, and customer satisfaction, Chinee Cap Co.,Ltd has established a solid reputation in the stationery industry. Our factory is equipped with advanced machinery and employs skilled workers to ensure precision and consistency in every production stage. We handle a diverse range of products, including notebooks, pens, markers, sticky notes, and other office and school essentials, all of which can be personalized to reflect our clients' branding.

Innovation is at the heart of our business. Our dedicated R&D team continuously explores new trends and technologies to deliver cutting-edge stationery products that stand out in the market. Whether it's eco-friendly materials, ergonomic designs, or vibrant printing techniques, we are committed to exceeding customer expectations.

With years of experience serving both local and international markets, Chinee Cap Co.,Ltd has developed a deep understanding of the diverse needs of businesses and consumers. We take pride in offering flexible production capacities, competitive pricing, and reliable delivery schedules to ensure smooth cooperation with our partners.

Our vision is to become a global leader in the stationery manufacturing industry, fostering long-term relationships with our clients through exceptional service and innovative solutions. At Chinee Cap Co.,Ltd, we are not just making stationery; we are helping you bring your brand to life.

OEM / ODM Service

We provide ODM and OEM services to meet the needs of different customers. For example, we can print your own brand and private label. Or, if you need ODM services in process technology, material, design, etc., you can send your requirements and the R&D team will try their best to meet your requirements.
